## FERNDALE FIORE DI LATTE

**Ferndale Farmstead  
Ferndale, Washington**

“Fior di Latte, or "blossom of milk" translated in English, is a fresh, whole milk mozzarella with a delicate flavor and texture. We add authentic Italian cultures to our high quality American milk, giving you the best of both worlds. This cheese should give you a subtle sense of the quality of milk that our cows produce. Great as an ingredient in cooked dishes or in a marinade with your favorite Balsamic Vinegar, Olive Oil, and Salt & Pepper.”
