MIETTE

**Baejte Farms
Bloomdale, Missouri**

“Miette is our newest bloomy rind sheep and goat milk cheese here at Baejte Farms. This cheese has the flavor of sweet, very yeasty bread dough waiting to be baked. It has the aroma of fermented grapes and the creamy consistency much like that of a baked cheesecake as it melts in your mouth. Images of pure rich cream drawn from the top of fresh milk fill your mind as you enjoy, this cheese is truly a delight and is a special treat to enjoy anytime!”
